Need of Language Lab

Language Lab with 20 Laptops

Language Lab with UPS support

Language labs offers to help students to improve their communication skills. The labs use a variety of resources, including text, video, and audio, to help students learn and practice a language.

The students may work through the lesson material at a pace suited to their ability. The language lab facilitates conversation and helps students build strong listening skills. Through their headsets, pupils are constantly exposed to the proper language patterns. The use of multimedia and connection to internet helps the students to gather information globally.

Language labs aims to -

- Improve communication skills
- Helps students to improve their speaking, listening, reading, and writing skills
- Self-assessment
- Active learning
- Prepare students speak spontaneously on any given topic.
- Enable students to write formal letters/ technical reports/ project/research reports.
- Enhance students spoken presentations as well as PowerPoint presentations.
- Boost the students confidence to participate actively in group discussion, technical interviews, etc
